**Port Authority PBA** – Thank you for your generous catering donation to sponsor our lunch for today. A big thank you from everyone at EOHSI!

We sincerely thank **all of our sponsors, including our patients, staff and corporate donors**. A huge thank you to *Debra Andriano*, Media Production Manager and her team who generously donated their time and expertise to have this event livestreamed. This day would not be made possible without the help of each and every one of you! Together we have created unity and we hope that we can all continue to heal together within our EOHSI community.

We received a special donation from the family of a member, M. McGuire, ASPR, K-9SAR, so that we may have a Memorial Tree planted outside our clinic.

*We would like you to join us for a tree dedication ceremony in Spring, 2022.*

***This Tree of Healing will be dedicated to all of you, OUR 9/11 HEROES.***
