

Campus Wide Seminars in Biomedical Sciences

Weekly Calendar

October 8, 2018 to October 12, 2018

| Time | Activity | Speaker | Seminar Title | Location | Host/Series |
|------------------------------------|-------------------------------|---|--|--|--|
| Monday, October 8, 2018 | | | | | |
| 1:45 PM | Seminar | Aaron Mazzeo, PhD Rutgers University | Paper-based Electronics for Sanitization and Skin-like Functionality | Biomedical Engineering Building Auditorium | Host: Robin Yarborough |
| Tuesday, October 9, 2018 | | | | | |
| 12:00 PM | Seminar | Lingfei Luo, PhD Southwestern University | Using Zebrafish as the Model System to Study Brain Vascular Repair and Regeneration | Nelson Room D-406 | Host: Peng Jiang, PhD |
| 12:10 PM | Seminar | KiBum Lee, PhD Rutgers University | Bio-Inspired Nanomaterials for enhanced Stem Cell Therapy | CCR Room 201 | Host: Robin Yarborough |
| Wednesday, October 10, 2018 | | | | | |
| 12:00 PM | Seminar | David Case, PhD Rutgers University | What Can We Learn From MD Simulations of Biomolecular Crystals? | Proteomics Room 120 | Host: IQB & CABM Michelle Sanghera |
| 12:00 PM | Seminar | Andy Babwah, PhD Child Health Institute of New Jersey | The role of uterine Gαq/11 signaling in the acquisition of uterine receptivity | CAB Room 2144 | Host: Christina Duzyj Buniak |
| 2:30 PM | Seminar | Kari E. North, PhD Department of Epidemiology University of North Carolina | The Genetic Epidemiology of Weight Change | FS&NS Conf. Room 120 | Host: Laura Amador |
| Thursday, October 11, 2018 | | | | | |
| 4:00 PM | Ira B. Black Memorial Lecture | William Mobley, MD, PhD University of California -San Diego School of Medicine | Neurotrophin Signaling Deficits in Neurodegeneration: Insights into the Imperative for Moving Information in Neurons | RWJMS West Lecture Hall | Host: Zamina Deen |

Campus Wide Seminars in Biomedical Sciences

Weekly Calendar

October 8, 2018 to October 12, 2018

| Time | Activity | Speaker | Seminar Title | Location | Host/Series |
|---------------------------------|-------------------------|--|--|---|---|
| 7:30 PM | RUWINS Special Event | Dr. Leyla Isik MIT | The Neuroscience of Artificial Intelligence | Busch Center The Cove | Host: RUWIN The Douglas Project |
| Friday, October 12, 2018 | | | | | |
| 12:00 PM | Seminar | John Loike, PhD Columbia University | Use of Stem Cells and Crispr for Xenotransplantation | Nelson Room D-406 | Host: Martin Grumet, PhD |
| 3:30 PM | Lecture | Briana Pobiner, PhD Smithsonian Institution | The Evolution of Human Carnivory: Evidence from Modern and Fossil Taphonomic Studies | Ruth Adams Building Room 001 | Host: School of Arts and Sciences |
| 3:30 PM | Seminar | Dr. Sara Campbell Department of Biochemistry and Microbiology Rutgers University | Fermentation Seminar: Male and female microbiota and inflammatory differs in response to high fat diet and exercise? | Marine Science Building Alampi Room | Host: Lindsay Robinson |
